DATE: 21.06.2023 to 24.06.2023

BENEFICIARIES: 53

21.06.2023: Handled by Ms.B.Sankari

ELECTRICITY AND ENERGY

Topics: Types of forces, gravitational force, magnetic force, electrical force, applied force, advantages, disadvantages, applications.
Energy: Types of energy, collision, chain and nuclear.

22.06.2023: Handled by Ms.M. Maruthirajini (Reader)

MECHANICAL ENERGY

Topics: Classification of metals, conductors, insulators, Fermi Level, intrinsic semiconductors, extrinsic semiconductors.

23.06.2023: Handled by Ms.L.Agapty

ELECTRONICS

Topics: Basic electronics, logic gates, universal gates, diodes, transistor, digital electronics, communication systems, applications of electronic systems.

24.06.2023: Handled by Ms.S.Kapoori

ATOMIC AND NUCLEAR PHYSICS

Topics: Atomic and Nuclear Physics: basic properties of the atomic nucleus, nuclear forces, elementary particles, particle physics, nuclear matter, radioactivity.

REPORT:

Our department conducted a bridge course on Level 11th to 12th regions in year 2021 during the suspension of live days with the faculty. The students will pass out of their previous job & it will be the first platform for the students to interact with the industry members. Having a separate location to facilitate training, workshops, talks, faculty, students and other students.

A bridge course is a bridge perspective course with academic materials that is offered to make students as a means of preparing for the academic challenges of a university education. successful completion of which is required as a form of admission to the college.

ACTIVITY ORIENTATION PROGRAMME

PLACE : E-LIBRARY CLASS ROOM

Department of Physics organized an "ORIENTATION PROGRAMME" for the newly admitted B.Sc students via their parents, family members and HOD & MHRM. Physics students of the college gathered on July 1, 2022. The major objective of the program is to make the parents and students aware of the academic aspects of the course, the rules and regulations of the college and encouraging parental participation in enhancing the performance and progress of students and Mr. A.SANKALI Head of the Department of Physics gave the orientation to the students. Ms. H.MEETHARISEETHUMALA explained about the program duration, syllabus, subject code, and subject time, income & annual passout. Mr. A.SANKALI discussed about university rules and Ms. LAGNAVA along with her academic team Maths and physics faculty and also give an orientation about library and library

BRIGHT FUTURE PROGRAMME

BRIGHT : 140.00 Lacs & 100.00 Lacs

PERIOD : 140.00 Months

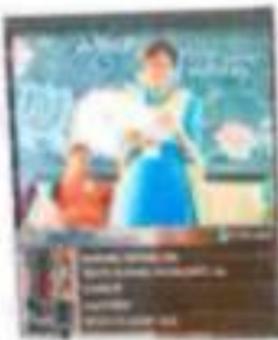

NUMBER OF STUDENTS : 107 Students

The Department offers Bachelor of Computer Application (BCA) Program. The course is designed to provide students with a sound base in the fundamental concepts of computer science and engineering. Our BCA Program emphasizes practical applications in various areas of computing and provides opportunities for students to develop their problem-solving skills.

The staff of BCA Department consists of Professors, Associate Professors, Lecturers, Assistant Professors and Research Scholars. The faculty includes experienced and qualified faculty members from various fields of computer science and engineering. The faculty includes Professors, Associate Professors, Lecturers, Assistant Professors and Research Scholars.

The Department offers students various opportunities for academic and professional development, and also organizes various educational, research and networking activities. The purpose of the programme is to enable the students to contribute towards their communities and engage with our departmental activities. Our Department has a strong tradition of academic excellence, and it has contributed to the growth of the field of computer science and engineering.
