DEPARTMENT OF COMMERCE WITH COMPUTER APPLICATIONS

Date: 27.09.2023

INDUSTRIAL VISIT

DATE: 27.09.2023

No of Beneficiaries: 96

Sub. code: 78B85A5

Course II: Heritage and Tourism

The industrial visit encourages the students to blend classroom learning with real-world experience. On September 27, 2023, the Department of Commerce and Computer Applications at our College arranged an industry visit for students. We have begun our travel from the college at 10'o clock on 26.09.2023 and reached at 4 am at Courtallam on the next day. Students refreshed at the main falls. We subsequently traveled to Thenkasi's Kasiviswanathar Temple.

We left from Thenkasi and arrived at Gangaikondan, SIPCOT, South Indian Bottling Company in Thirunelveli around 11.30 a.m.

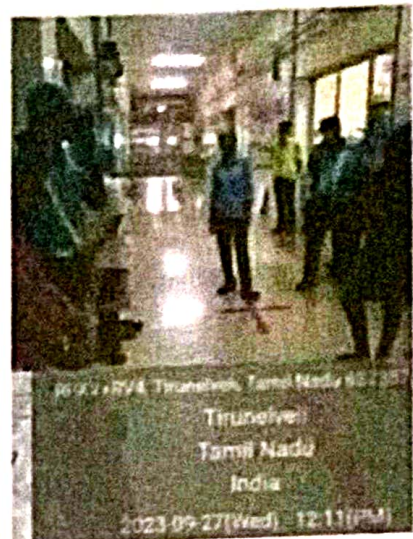

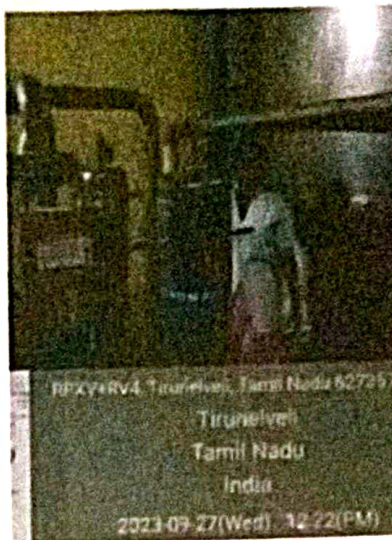

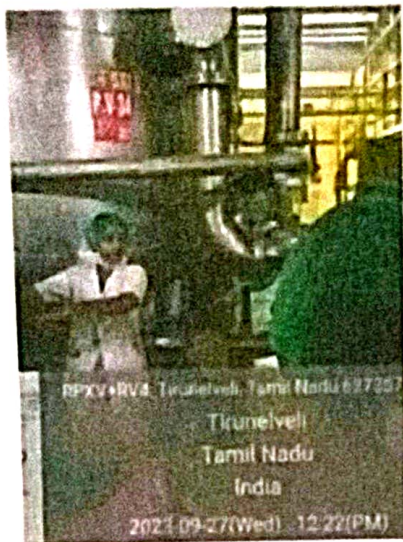

Following the orientation event, students were given instructions to go to the following sites. During this tour, the kids discovered:

The functioning of the industry,

- ✓ The various activities of SIPCOT - Southern India Bottling Company, Gangaikondan.
- ✓ Production process - to produce "syrup", the basic component for the soft drink. The syrup is prepared in special tanks by dissolving sugar in the treated water. Only after this, this "simple syrup" is mixed with "concentrate" or the various "basic preparations" used for the various drinks, thus becoming "final syrup".
- ✓ Automation concepts of Cool drinks.
- ✓ Machinery/ Technology used in production.
- ✓ Human resource management and their interaction
- ✓ Quality Control

It was very useful to the students. It provided an opportunity to learn practically through interaction, working methods and employment practices. The students were eagerly participated and benefited.
