

## DEPARTMENT OF FASHION TECHNOLOGY AND COSTUME DESIGNING WORK SHOP

### **“SAREE PREPLEATING, FORMAL MAKE UP”**

**Date:** 18.02.2026

**Venue:** Fashion Technology Lab

**No. of Beneficiaries:** 20Students

Department of fashion technology and costume designing organized a Work Shop program aimed at enhancing the career readiness of FT students. The program, titled "**SAREE PREPLEATING, FORMAL MAKEUP**" was planned to equip students with up-to-date knowledge about the fast-evolving fashion industry and provide them with practical skills and grooming knowledge of the students..

The Programme started with a prayer followed by welcome address by **T.KASHTHOORI, I B.Sc FT**. The session was led by **MS. M.MUTHULAKSHMI, LAKSHMI MAKE OVER ARTIST**, professional expert in saree styling and makeup artistry. During the first session , the trainer demonstrated various techniques of saree pre-pleating, including proper folding , pinning methods , and time – saving draping styles. Students actively participated and practiced different saree draping techniques suitable for formal occasions, office wear, and events.

The second session focused on formal makeup techniques suitable for office wear, interviews, seminars, and special occasions. Skin preparation and cleansing, selection of foundation based on skin tone, natural and subtle eye makeup techniques, professional hair styling tips, final finishing and setting techniques. The practical demonstration helped students understand product usage and blending techniques effectively.

Our Head of the department **Ms.M.HEMALATHA** extended gratitude to the resource person for his informative and engaging session.
