PLACE :PATHANENDAL

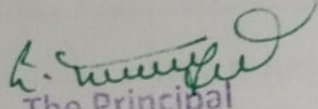

BENEFICIARIES :12

Environmental studies is a multidisciplinary academic field which systematically studies human interaction with the environment. Environmental studies connects principles from the physical sciences, commerce / economics, the humanities, and social sciences to address complex contemporary environmental issues. It is a broad field of study that includes the natural environment the built environment and the relationship between them. The field encompasses study in basic principles of ecology and environmental science, as well as associated subjects such as ethics, geography, anthropology, policy, education, politics, urban planning, law, economics, philosophy, sociology and social justice, planning, pollution control and natural resource management.

Our first year students having environmental studies in their curriculum. Practical and experimental assignments, excursion etc. Might help in the understanding of environmental concepts to the students. So our college arranged an EVS tour to Pathanendal to gain further knowledge about the environment.
