REPORT:

Department of Computer Science conducted this course in the duration of One Week from dated 23th September to 1st October in year 2021 – 2022 through online mode.

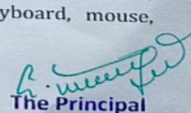

A curriculum is framed separately in each of the subjects, for Bridge Course in Computer Science. During the first week after the commencement of the classes, the bridge course curriculum is delivered to the students in various disciplines. A post bridge course oral test is conducted after the completion of bridge course syllabus to assess the ability of student's suggestions is given to students for improvisation.

After the completion of the Bridge Course in Computer Science, there was a significant progress in the listening, speaking, reading, writing and practical skills of the students. Students who had remarkable stage fear were able to overcome it and speak fluently in English.

SYLLABUS:

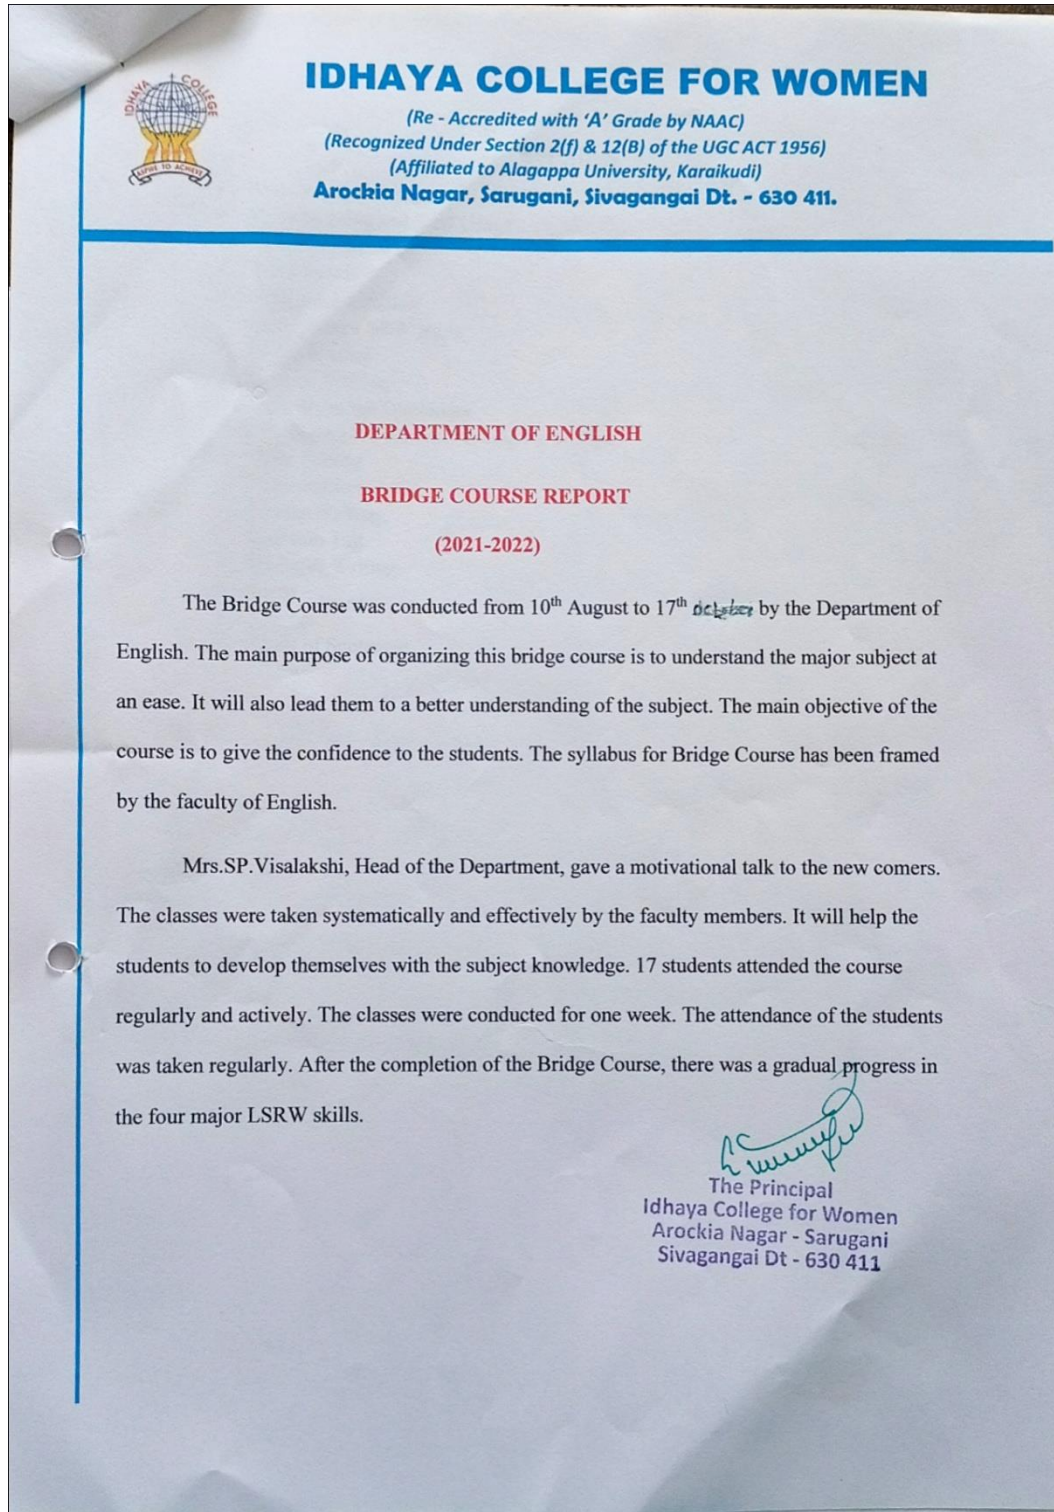

UNIT:

What is Computer, Basic Applications of Computer; Components of Computer System, Central Processing Unit (CPU), VDU, Keyboard and Mouse, Other input/output Devices, Computer Memory, Concepts of Hardware and Software; Concept of Computing, Data and Information; Connecting keyboard, mouse, monitor and printer to CPU and checking power supply.

BRIDGE COURSE REPORT 2021 – 2022

DURATION: 10 Days in month of October

DATE: 13.10.2021

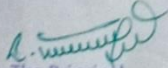

UNIT 1- Elasticity, modulus of elasticity, viscosity, surface tension, Newtons laws of motion, moment of inertia, oscillation, simple harmonic motion, stationary waves, thermal properties of material, kinetic theory of gases.

UNIT2- Electrostatics, dielectrics, electromagnetic induction, Kirchhoff's law, AC circuits, magnetism, properties of light.

REPORT :

Our department conducted a bridge course on dated 13th to 22nd october in year 2021. During this interaction of few days with the faculty, the students will come out of their hesitation and it will be the best platform for the students to interact with the faculty members, making it responsible for them to build strong relationships with faculty, advisers and other students.

A bridging course is a institute-preparation course with an academic curriculum that is offered to mature students as a means of preparing for the intellectual challenges of a university education, successful completion of which is recognized as a basis of admission to the college.

BRIDGE COURSE

With a view to enhance the comprehension in subjects we frame a bridge course to first semester B.Sc. Chemistry programme students. The essentials and fundamentals of Higher Secondary level subjects are **necessary** to understand the subject at an ease and this will lead to a better appreciation of the subject.

OBJECTIVE

The main **aims** to act as a buffer for the new entrants with an **objective** to provide adequate time for the transition to hard-core of degree courses. This gives them a breather, to prepare themselves before the onset of courses for first year degree programme. During this interaction of five hours with the faculty and their classmates the students will be equipped with the knowledge and the confidence needed to take on bigger challenges in future. The bridge courses consist of five hours of interactive sessions and an entry level examination designed by the chemistry department which is compulsory for all students. The result will be on the notice in hardcopy.

ICW regularly organizes and conducts bridge course - an orientation programme for the first year students of chemistry. The neutral of induction programme is to bridge the gap between subjects studied at Higher Secondary Level and Subjects they would be studying in Graduation. The syllabus for the course is framed in such a way that they get basic knowledge on the subjects that they would be learning through graduation. This two-week student enhancement and development programme is devised for overall grooming and enhancement of the students' fraternity with the special punctuation for students.

DATE: 22.09.2021 – 29.09.2021

SYLLABUS:

UNITS:

Basic Concept of Chemistry, Atomic and Molecular Structure, Periodic Table and Their Properties, Solid State, Solution and Colligative Properties, Chemical Thermodynamics, Co-Ordination Chemistry. Fundamentals in Organic Chemistry, Aliphatic (Alkanes, Alkenes and Alkynes) and Aromatic Hydrocarbons, Alcohols Phenol and Amines, Introduction to Carbonyl and Carboxyl Chemistry, IUPAC Nomenclature, Biomolecules, Chemistry in Everyday Life.

NOTES: Visit to chemistry laboratory, University Pattern of Examination, Especially different between annual and semester. Internal assessment marks and practical marks, unit test, Industrial Visit etc., also covered in the course.

REPORT:

Department of Chemistry conducted this course in the duration days from dated 22nd to 29th September in year 2021 – 2022.

This course will be the best platform for the students to interact with the Faculty members, making it responsible for them to develop a strong relationship with the respective subject, adviser and other students and become confident for higher graduation studies and placements.

OUTCOME OF THE COURSE:

- It has provided students the confidence skills to successfully transition to college.
- Students have been familiarizing with TGM and its resources.
- It has helped students for enhancing critical thinking skills through self-exploration and class experiences.
- It has given exposure college life in a structured and supportive learning community.
- To develop practical knowledge in the students.
- To enhance the comprehension in subject.
- The students wrote entry-level and exit-level tests.
- To explain communication and soft skills

BRIDGE COURSE REPORTS

2021-2022

The main objective of the course is to bridge the gap between subjects studied at pre – University level and subjects they would be studying in 12th standard. The essential & fundamentals of 10 + 2 level subjects are necessary to understand the subject at an ease. Therefore the bridge course is designed in such a way that it becomes the part of curriculum of 12th standard and B.SC Subjects, The Bridge course is aimed to act as a buffer for the new entrants with some objectives to provide adequate time for the transition to hard core of degree course.

Objectives

- To provide adequate foundation in the basic applied Science Subject, So that students do not face any difficulty when the university classes begin.
- This course provides a better transition phase to prepare themselves before the onset of course for first semester.
- To bridge the gap between subjects studied at pre- University level and subjects they would be studying in B.SC class.
- Bridge course act as a buffer for new entrance .
- Interactive and active learning students will be equipped with knowledge and the confidence before first year course.
- It is a course conduct of each and every department by framing their own from the session 2021-22 in the first week of month September.
- To full fill this gap, our College conducts such bridge course for newly admitted students before the commencement of B.SC. First year class.

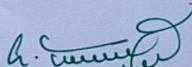

On the last day of bridge course each lecture made aware the students about their subject programme outcomes at university pattern to prepare them for new challenges.

**NOTICE**

This is to inform all the 1st year students that, to prepare the students before starting the University prescribed Course for B.Sc., Biochemistry. Our College has been conducted 6 day Bridge course in the 4th week of September from 22 September to 29 September 21. As per the time table given below. So all the newly admitted students compulsorily attend the course in their respective subject according to the time table.
