### MENTOR-MENTEE

**Mentoring** is sharing knowledge, skills and life experience to guide another towards reaching their full potential; it's a journey of shared discovery. Mentoring is a positive, supportive relationship, encouraging young people to develop to their fullest potential. Mentors can prepare their mentees for professional careers and assist with their workplace skills. They raise the bar regarding a mentee's potential and provide guidance, support, encouragement and constructive feedback. Mentoring can make a profound difference to the lives of mentees, and in turn strengthen our communities, economy and country. The IQAC had taken the initiative of implementing the mentoring of students. The total strength of the students is divided into group of 20 – 25 depending on the strength of the department. Each group is assigned a mentor who would perform mentoring duties. A Mentoring Format with Guidelines is prepared by the IQAC to ensure uniformity.

**Mentor - Mentee** is in the ratio of 1:20. Mentors meet Mentees once in a month, interact with them in person and help them sort out their personal issues and offer solutions. Mentors maintain and update the Mentoring Book which contains space for entering particulars and performance of the students. (General, Academic, Personal, Attendance etc.) After collecting all necessary information, Mentors are advised to guide and counsel, as and when required. Every month, it is in practice of Mentors to meet the students individually and submit the report to IQAC. If it is needed, the mentee is advised to refer the College Counsellor – **Sr.Petricia.**
